

Farewell Good Brother

MICHAEL THOMAS

Love is the work supported by emotions that we shared as brothers.

People come in our lives for reasons that are beyond our comprehension at the time. Why Michael Thomas is not physically here is much deeper than mine eyes can see. However, what I know for certain is that a good brother, a sincere young man, and a quiet heart has been taken away from his family and friends.

I mourn because hope, possibility, and charisma have been extracted from my life by the death of another positive, upstanding, and sincere brother. With peace and love a choice away from grief and anger, I firmly believe that time affords

us all an opportunity to do right by others. No amount of tears can wash away the sorrow that I try to conceal, but a life dedicated to helping good brothers like Michael Thomas will always make such tragedies hard to feel.

With much love and inspiration to persevere, know that my restlessness to endure for youthful spirits like yours will forever fight recklessness and fear.
